

I-95 New Haven Harbor Crossing Corridor Improvement Program **CONSTRUCTION NEWS**

April 9, 2010

Nighttime Traffic Impacts on I-95, I-91 and Route 34 in New Haven are scheduled to occur Sunday, April 11 through Wednesday, April 14, 2010

The Connecticut Department of Transportation is announcing that nighttime lane closures and stopping of traffic for approximately 30 minute intervals will affect travel on I-91 and I-95 SB, and Route 34. The Project will be transporting and setting the new bridge girders for the section of the Route 34 Flyover Bridge over I-95 SB.

What to Expect:

The map on the reverse side illustrates the area detailed.

- Nighttime lane closures and stopping of traffic for approximately 30 minute intervals will affect travel on I-91 and I-95 SB, and Route 34. I-91 SB lane closures will extend back to Exit 9 as the girders for the bridge are transported to the interchange. Traffic stoppages on I-95 and I-91 will occur between the hours of 12 AM and 5 AM.
- Route 34 ramps to I-91 and I-95 NB will be closed between the hours of 10 PM and 6 AM also to allow for the work at the interchange.
- Motorists can expect significant delays in the area of the surrounding Interchange including I-95, I-91, and Route 34, surrounding entrance & exit ramps and local roads. Please plan ahead and consider alternate routes to get to your destination.
- Signs will be posted to help guide you.
- Work will occur weather permitting and will be rescheduled, if necessary.

The work in Contract E2 is part of the I-95 New Haven Harbor Crossing (NHHC) Corridor Improvement Program and includes the construction of a new ramp (Route 34 Flyover Bridge) from I-95 NB to Route 34 WB at Exit 47 in New Haven. The project also includes reconstruction of the Route 34 WB bridge over Brewery Street, relocation of the Exit 46 ramps at Long Wharf and Sargent Drives and the construction of a second lane from I-91 SB to I-95 SB. The project is in advance of the construction of the new Pearl Harbor Memorial (Q) Bridge and the I-95/I-91/Route 34 Interchange.

The Connecticut Department of Transportation is working to inform local residents of current and upcoming construction activities through bulletins such as this, as well as the I-95 NHHC Corridor Improvement Program website (www.i95NewHaven.com) and the toll-free Program Hotline (**1-866-277-9595**).

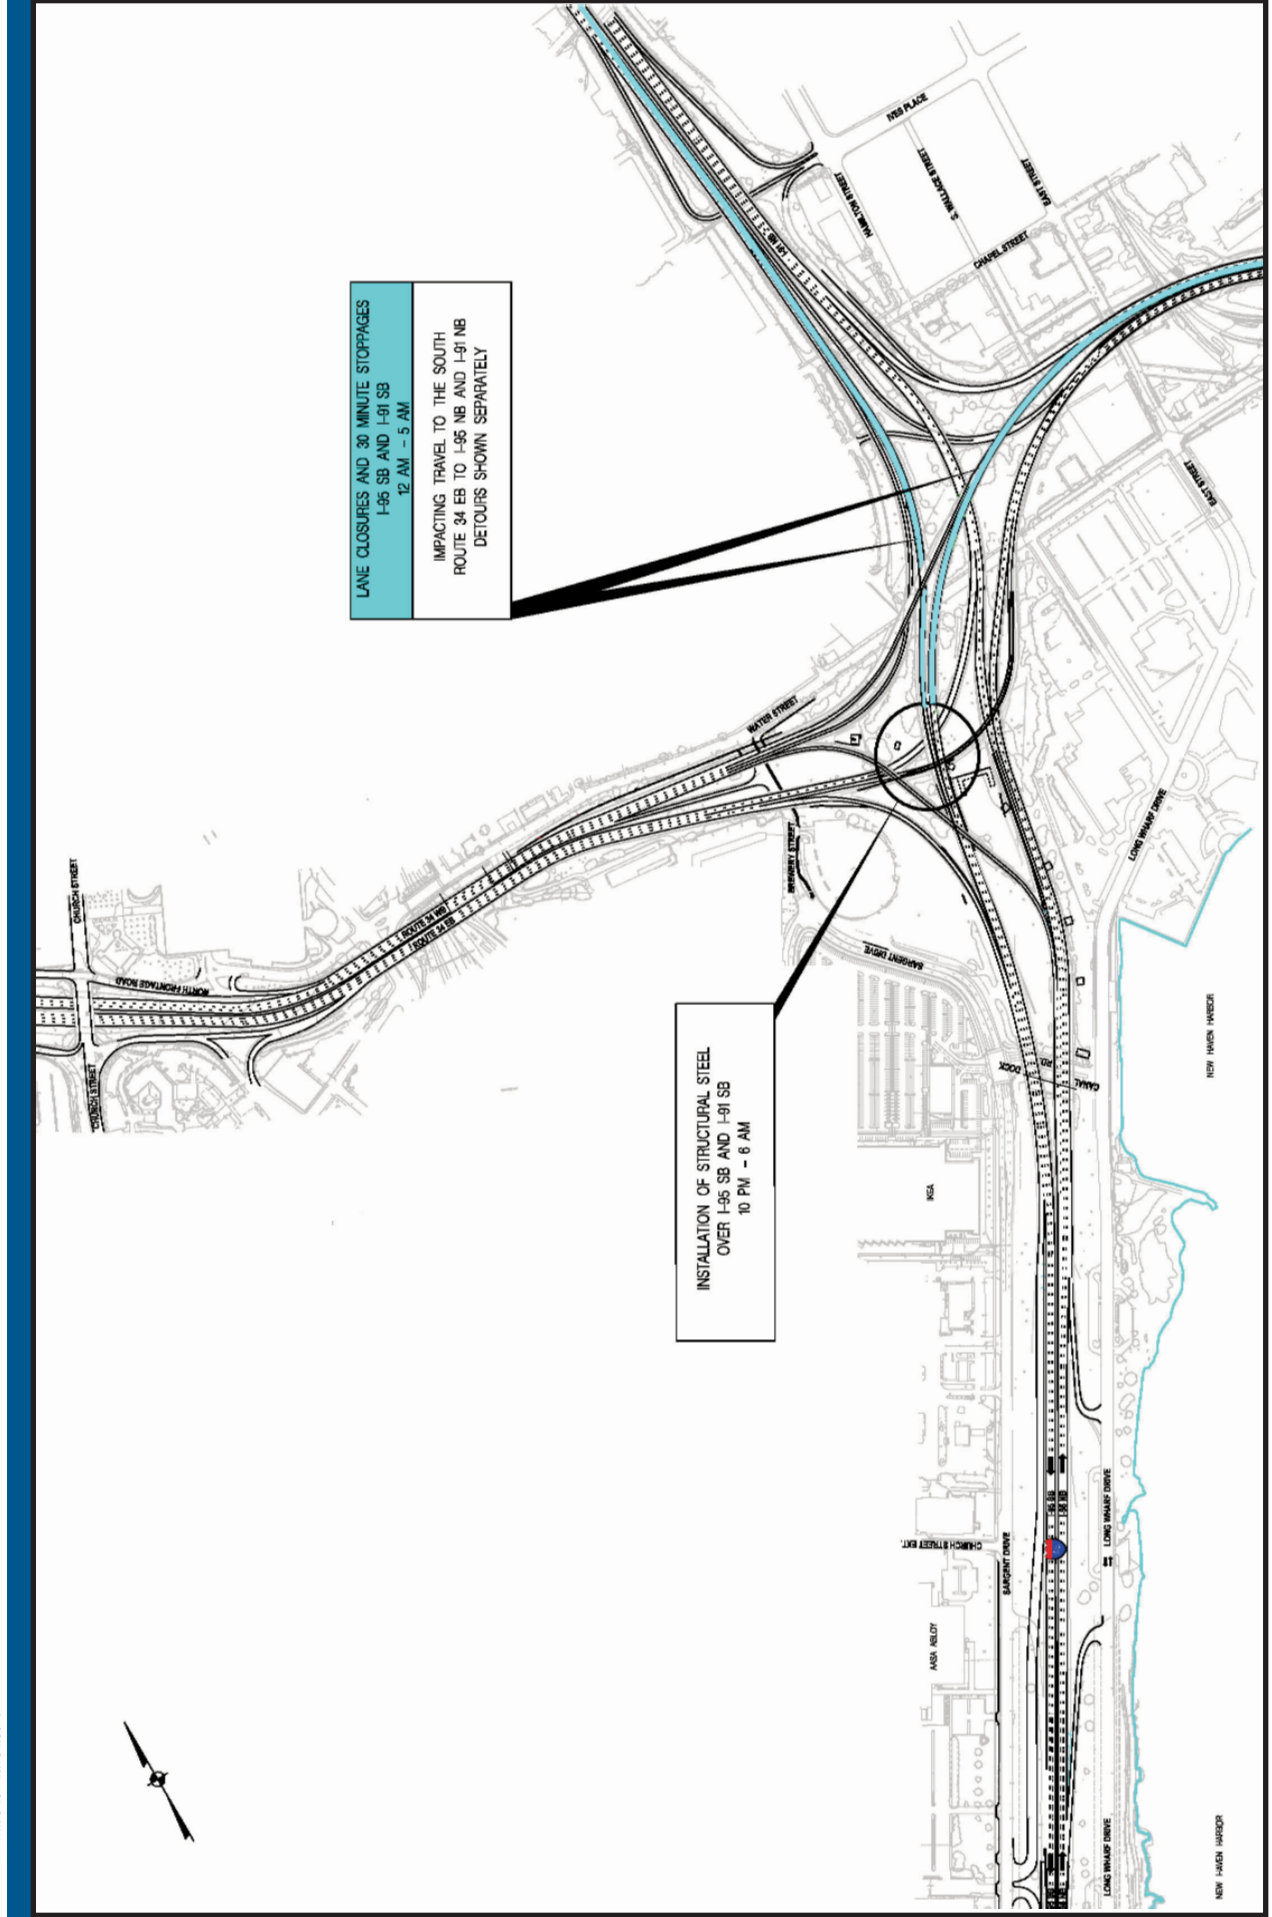

If you have any questions about the program, please call us at **1-860-815-0282** or send an email to info@i95NewHaven.com.
